

# October Notes - '16

Did you know that we take great interest in reading aloud the comments parents write at the back page of each month's Diary? Children are keen to hear these observations and we enjoy learning how parents respond to our efforts to encourage positive growth in each child.

Thus do take time to say something to staff and your child which will cheer us all on! Nothing will assure a love of using ~~our~~<sup>his/her</sup> minds constructively as your child's school experience unfolds than clear, enthusiastic approval from parents! Memories <sup>are</sup> a build-  
<sup>ing</sup>

Tell them! Tell us! Read the simple notations on each page and engage your child in talk about what the drawings and words mean. Write in the full amount of space we provide for your own, natural, spontaneous reaction to those brave attempts to record an event at Boxwood! Hope, truly springs Eternal!
